

Ways You Can Help!

1. Remind your child to read for RAH RAH and to bring the RAH RAH sheet to school on Friday.
2. Watch for your child's math homelinks, discuss the homelink with your child and put your signature on the assignment. Help study addition and subtraction facts.
3. Check your child's folder for homework on a daily basis.
4. Help your child study for the weekly spelling test. The words come home at the beginning of the week and the test is on Friday.

Thank you for sharing in the learning process!
